## Auditor's statement regarding the report prepared by the Board of Directors in accordance with Chapter 20, Section 14 of the Swedish Companies Act (2005:551) concerning the Board of Director's report detailing specific redemption terms, etc.

To the general meeting of shareholders in Solid Försäkringsaktiebolag (publ), Corporate Identity Number 516401-8482

---

We have performed procedures whereby we have examined the Board of Directors' report 19 March 2025.

### **Responsibilities of the Board of Directors for the report**

The Board of Directors is responsible for the preparation of the report detailing specific redemption terms in accordance with the Swedish Companies Act and for such internal control as the Board of Directors determine is necessary to enable the preparation of a report that is free from material misstatement, whether due to fraud or error.

### **Auditor's responsibility**

Our responsibility is to express an opinion on specific redemption terms on the basis of the procedures performed. The procedures were performed in accordance with FAR's recommendation RevR 9 *Other statements by the Auditor in accordance with the Swedish Companies Act and the Companies Ordinance*. This recommendation requires that we plan and perform the procedures to attain reasonable assurance that the Board of Directors' proposal is free from any material misstatement. The audit firm applies the International Standard on Quality Management 1, which requires the firm to design, implement, and manage a system for quality management including guidelines or procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

We are independent of Solid Försäkringsaktiebolag (publ) in accordance with professional ethics for accountants in Sweden and have otherwise fulfilled our ethical responsibilities in accordance with these requirements.

The procedures have involved the execution of various activities to obtain evidence about the financial information and other disclosures in the Board of Directors' report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement in the proposal, whether due to fraud or error. In making this risk assessment, the auditor considers the aspects of internal control relevant to the manner in which the Board of Directors prepares their report, in order to design procedures that are appropriate under the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control. The procedures also include an evaluation of the appropriateness of the valuation method(s) employed and the reasonability of the assumptions made by the Board of Directors. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## **Opinion**

In our opinion, the measures taken, which do not result in a reduction of the company's restricted equity or its share capital, are appropriate, and that the assessments made regarding the effects of these measures are correct.

## **Other information**

The Board of Directors has provided an account of the measures proposed to ensure that the company's restricted equity and share capital do not decrease. In connection with the proposal to reduce the share capital by a total of 621,423 kronor, the board proposes that the general meeting also decide on a capitalization issue by transferring from the company's unrestricted equity, resulting in an increase in share capital of 621,423 kronor, whereby the reduction will be conditional on an increase in share capital at least equivalent to the reduction.

The sole purpose of this auditor's statement is to comply to the requirements stated in Chapter 20, § 14 of the Swedish Companies Act, and this statement may not be used for any other purpose.
